ROHS - Restriction on the Use of Certain Hazardous Substances

EC Directive 2011/65/EU Restriction on the Use of Certain Hazardous Substances in Electrical and Electronic Equipment (RoHS - engl. **R**estriction **o**f the use of certain **H**azardous **S**ubstances in electrical and electronic equipment) regulates the use of hazardous substances in equipment and components used therein.

RoHS conformity:

G.W.P. Manufacturing Services AG manufactures customer customer-specific and semi-finished goods from metal and plastic.

The need for RoHS conformity must be provided in writing by customers of G.W.P. Manufacturing Services AG when submitting an inquiry. G.W.P. Manufacturing Services AG is not responsible for investigating the need for compliance with the RoHS Directives.

The materials used by G.W.P. Manufacturing Services AG conform to the RoHS Directives.

With regard to other materials and subsequent processing within the context of the purchase agreement (e.g. surface treatment, installation of purchased parts etc.), compliance with the RoHS Directives must be checked on an individual basis. Without written confirmation, G.W.P. Manufacturing Services AG is not responsible for RoHS conformity in such a case.

G.W.P. Manufacturing Services AG assumes no responsibility for RoHS conformity when subsequent processing is performed by the customer or included as part of the order.
