

G.W.P. 02 Offer Conditions Other Processes

01. In the production of tools, an up-to-date technical drawing (CAD drawings, PDF format), which has been created according to our technical instructions, is indispensable. If drawings are already submitted to G.W.P., please ignore this advice.
02. Tools will be considered customer's property subject to full payment (retention of title).
03. Transfer of max. 3 % of the order quantity or max. 500.00 EUR of serial delivery shall be deemed agreed.
04. First sample: 3 pieces (tool) release sample and their express shipment are included in the price.
- 05. Delivery Conditions:** molded parts: FCA Zhongshan/China, transportation (air-/sea freight) shall be undertaken by G.W.P., possible import and export duties (to Germany) shall be included. Term sea-freight: approx. 6 weeks; term for normal air-fright: 7-10 days; term express airfreight: 3-4 days. The shipping expenses shall be invoiced as specified.
06. Packaging: included in the price, adjusted to the type of transportation
07. Basis for material price: EUR/kg
08. Price calculation: according to the valid exchange rate on a particular day, of CNY, USD and EUR. We reserve the right to adjust the price in the event of significant currency fluctuations.
- 09. Shipping:**
 - a. Tool/first sample: working days ex works after the start of project approx.: The project shall start after confirmation of the drawings bearing tool-relevant information.
 - b. Subsequent samples: based on customer's design modifications min 14 days ex works
- 10. Payment Conditions:**
 - a. Tools: 50 % due at the time of placement of the order, 30 % due at the delivery of the first samples, 20 % due when confirming the samples or at the latest 2 weeks after delivery of the first samples.
 - b. Series: net upon receipt; in the event of exceeding the credit limit, cash payments or other acceptable forms of security must be finished (partial invoice). If necessary, alternative payment terms: see above
11. Offer period 15 days – longer commitment periods shall be agreed upon separately for each project.
12. The attached terms and conditions of the offer concerning the respective production processes contain the details that constitute a significant part of this offer.
